

The physicians at Hamilton Medical Group participate in many insurance plans, therefore, we request that you verify that the physician you are scheduling an appointment with is on your plan at the time you schedule your appointment as well as what services are covered under the terms of your individual plan. This will ensure that you remain within your insurance network.

In addition, we request that you bring **all** of your insurance cards with you on each visit to our clinic to ensure the accuracy of your insurance information and to expedite the check-in process.

It is the policy of Hamilton Medical Group to collect any payment due from the patient (such as co-payment, coinsurance, deductible, etc.) when you arrive and check-in for your appointment. Hamilton Medical Group will make every effort to verify your coverage prior to your scheduled appointment, however, we cannot guarantee coverage of services by your insurance company. All locations accept VISA, Mastercard and Discover as an option of payment.
